Plant Health Care plc
Continued Distribution Expansion in the US

Plant Health Care (PHC), the AIM listed provider of natural solutions for the agricultural and horticultural markets, continues its expansion within the US landscape market, by announcing that Horizon, one of North America's leading provider of services to the "green" market, has become a distributor of its natural products.

Horizon is headquartered in Phoenix, Arizona with 43 locations in a further eight western states of the US. For more than four decades, Horizon has been a supplier of green industry products to the landscape, golf, irrigation and water management market segments.

John Brady, CEO of Plant Health Care, said, "We are delighted that Horizon has chosen to feature the best mycorrhizal products on the market to meet their customer's critical specifications. Horizon shares our commitment toward natural systems and biological products and we look forward to a long-lasting partnership."

Thom Davis, VP of Marketing, Horizon stated, "PHC is the perfect addition to our family of top-notch distributors. Horizon is focused to continually add value to our customers. Our recipe for success depends on the leading-edge products we carry and the most professionally trained sales team in the industry. The combination of Horizon and PHC will be a win-win for us and our customers."

Notes to Editors:

About Plant Health Care, Inc.

Since 1995, PHC has been the leading manufacturer of natural-based products targeting the horticulture, agriculture, turf grass, commercial landscape, forestry and land reclamation industries. PHC products are both environmentally beneficial and more cost-effective than synthetic chemical alternatives.

Currently, PHC has operations in the U.S., Mexico, UK, Spain and the Netherlands with technical support in Austria. The company has two principal operating subsidiaries in the U.S. – PHC Inc. (PA) and PHC-REC. PHC REC is the recognized leader in the use of biologically-based solutions using mycorrhizal fungi and bacteria for the establishment of trees, shrubs and grasses on lands disturbed by mining and construction.

PHC is listed on the AIM market of the London Stock Exchange. Ticker symbol is PHC.
